# 500-25,000 LBS

## EMERGENCY HAND ACTIVATED BRAKING SYSTEM

### FEATURES

The Emergency Hand Activated Braking System has many possibilities that allow for a brake or swivel lock to be engaged and disengaged by hand, instead of the conventional foot operated devices. The eHABS is excellent for ergonomically challenged applications. As well, the brake can be engaged with greater speed.

**Available  
in stainless steel**

### EXCELLENT FOR:

- Emergency brake
- No run away carts
- Never forget to lock
- Always on pull-off
- No floor grade fears
- No bending to engage brake
