

ALGOOD CASTER INNOVATIONS

# Spotlight

## This wheel is full of hot air

Pneumatic wheels offer a quiet cushioned ride, freedom from shock and vibration, superior floor protection, prolonged equipment life – and best of all, the kind of traction you would expect from an automotive tire. These wheels come with precision ball bearings, a sealed raceway and a 4 ply, 50 PSI rating. They are ideal for platform and large stock trucks as well as hotel and food service equipment. Ranging in size from 8 x 2-1/2 to 12 x 3-1/2, Algood's pneumatic wheel comes with a lug nut assembly and a grease nipple for easy maintenance. To top it all off our outstanding product design prevents air leaks. These wheels may be full of hot air but they're the real deal when it comes to a long lasting quality product.
